Passing of Graham Griffiths

The Board, management team and founding shareholders of Pointerra Limited (ASX:3DP) ("Pointerra" or "the Company") report with immense sadness the untimely passing of our Non-Executive Chairman, mentor and friend Graham Griffiths.

Graham walked into our lives in 2016 a complete stranger and very quickly helped shape the Company's business model and customer focused sales strategy, whilst also becoming a wise mentor and friend.

Graham's contribution to Pointerra was significant and he leveraged a lifetime of experience in technology sales to help shape his innate understanding of how to build a successful SaaS business on a global scale.

His legacy to Pointerra is baked into our business model, our growth strategy and the "Pointerra way", which we will continue to execute in his honour.

Graham's contribution to the Australian early-stage technology sector was enormous and many successful businesses owe their start to Graham's understated, calm and experienced hand.

The Board, management team and shareholders of Pointerra wish to extend their deepest sympathy to Graham's family, friends and business associates.

Graham, we were honoured to know you and privileged to share time with you in our business. You will always be remembered.

Ian Olson
Managing Director
